2 Town of Campbell Recycling of Yard and Garden Waste, Brush, Large Items, Appliances & Burning

This information is for single-family to 4-unit dwellings only. If more than 4 units, please contact your current hauler.

Automated Pickup: It's How We Roll!

Please Review Carefully for Updates & Changes

Curbside Brush Chipping (▲ & ▲ on calendar)

These guidelines are provided to efficiently streamline brush chipping services for Town of Campbell residents and our maintenance department staff. Small sticks and yard waste clog the chipping machine, causing delays and safety concerns. Brush chipping is **ONLY** intended for the disposal of small amounts of limbs/branches that are removed by residents for normal tree maintenance and upkeep. Brush must be from a Town of Campbell resident's yard. Brush transported from other locations is not entitled to brush chipping. Brush will be accepted from single family and 2 - 4-unit dwellings only.

Brush chipping is not provided for **lot clearing activities** or from **the removal of trees or bushes**. **Contractor-cleared brush or trees will NOT be picked up whether FREE or PAID FOR. It is the contractor's or resident's responsibility to dispose of this.** Residents must use the county landfill or tree service businesses for this type of disposal. Sticks smaller than 3/4 inch diameter and garden waste must be deposited at the yard waste facility behind Town Hall.

ACCEPTABLE BRUSH IS DEFINED AS HAVING A CUT END LARGER THAN 3/4 INCHES TO A MAX OF 6 INCHES IN DIAMETER

Brush piles are limited to a size of 8 feet long and 4 feet high with a length equal to the uncut piece. Brush must be 3/4 to 6 inch diameter and left as long as possible to avoid machine clogs. Keep remaining brush in your yard until the next pickup date. Leave loose, no bundling. **DO NOT** put on curb until 3 days prior to your pickup date.

The maintenance crew will answer any questions you may have while they are at your residence. If you are unable to speak with the crew, please call the maintenance department with questions at 608-783-0050, ext 3.

Schedule: Brush chipping will start the first Monday of the month for areas NORTH of I-90 and the second Monday of the month for areas SOUTH of I-90 from May to October. Chipping will continue throughout the week until completed. Town crews will only go by each residence ONE time each month.

- In order to maintain the schedule, brush crews **WILL NOT** return for special pickups
- All brush must be curbside by 7 a.m. on the day of your scheduled chipping. The Town will not pickup brush in alleys. Town crews will not cross or enter private property to pick up brush. Brush that is not curbside by 7 a.m. will not be picked up until the next pickup date.

• **Piling brush:** Guidelines must be followed. If brush piles do not meet guidelines, the crew will not chip.

Pile brush with the cut end toward the road, all in the same direction, and pile as loosely as possible (brush is easy to handle). **DO NOT** pile it in the road. **DO NOT** combine piles with neighbors. Branches/limbs over 6" in diameter will not be accepted. Smaller branches clog the machine, leave the lengths long. Pile brush away from mailboxes, telephone poles, etc. Brush must remain on your property. **DO NOT** pile it in any parks.

Stumps, root balls, roots, rocks, rubbish, construction material, dimensional lumber, metal, or yard waste **WILL NOT** be collected.

• Brush due to major storm damage: The Town will determine and announce emergency storm-related brush collections. Regular brush clipping guidelines will apply.

Yard & Garden Waste

The Town yard waste site will be closed from December 1 - April 1. Regular hours for the site are 7:00 am - 9:00 pm, 7 days a week

• We have our own drop-off site for your yard and garden waste. It is located behind the town hall. Acceptable items are grass, leaves, brush 3/4" or smaller and garden plants. Please do not leave yard waste in paper containers.
